    class EffekseerDefaultFileWriter["Effekseer::DefaultFileWriter"]
    class EffekseerFileWriter["Effekseer::FileWriter"]
    EffekseerDefaultFileWriter --|> EffekseerFileWriter
```

The diagram illustrates a class hierarchy. At the bottom is a gray-shaded box labeled 'Effekseer::DefaultFileWriter'. A blue arrow points upwards from this box to a white box at the top labeled 'Effekseer::FileWriter', indicating that 'Effekseer::DefaultFileWriter' inherits from 'Effekseer::FileWriter'.
